

AVS Holidays & Akshay Sharma: News & What Travelers Should Know

Introduction

The **AVS Holidays case** has become a major topic in recent travel and cybercrime news. Linked to **Akshay Sharma**, this case highlights how online travel frauds can operate using digital tools like SEO, ads, and fake customer support.

In this article, we cover the **latest news, Delhi Police raid details, case facts, and important safety tips for travelers.**

What is the AVS Holidays Case?

The **AVS Holidays case** refers to an alleged cyber fraud operation run under the name of a travel agency based in Delhi. The agency was presented as a legitimate service for:

- Flight bookings
- Ticket cancellations
- Refund assistance

However, investigations revealed that the platform was allegedly used for fraudulent activities targeting international customers.

Akshay Sharma & AVS Holidays: Key News

According to multiple reports, **Akshay Sharma**, a Delhi-based travel agent, was arrested in 2025.

Key Highlights:

- Director of AVS Holidays, operating from Kirti Nagar, Delhi
- Accused of running a fake international call centre
- Targeted victims from the US, UK, and Canada
- Used SEO and online ads to attract customers

Police stated that the accused allegedly posed as a genuine travel agent to gain customer trust.

Delhi Police Raid & Investigation

The **AVS Holidays raid** was conducted by the IFSO unit of Delhi Police Special Cell.

Raid Details:

- Office located in Kirti Nagar was searched
- 36 laptops, multiple phones, and hard drives seized
- Hundreds of forged documents recovered
- Digital evidence linked to cyber fraud activities

Authorities confirmed that the raid exposed a large-scale operation involving fake bookings and refund scams.

How the AVS Holidays Fraud Worked

The **AVS Holidays scam case** followed a structured pattern:

1. SEO & Fake Ads

Fraudulent websites and ads were optimized to appear at the top of Google search results.

2. Customer Data Collection

Victims were asked to share sensitive details like:

- Card numbers
- CVV
- Personal documents

3. Ticket Booking & Cancellation

Tickets were booked and later cancelled without proper consent.

4. Forged Documents

Fake medical and death certificates were used to claim refunds from airlines.

5. Financial Fraud

Victims either:

- Received partial refunds
 - Or lost money completely
-

Why the AVS Holidays Case Matters

The **AVS Holidays cyber fraud case** is important because it highlights:

- Misuse of **SEO and digital marketing**
 - Risks in **online travel booking systems**
 - Growth of **international cyber scams**
 - Need for stricter verification of travel agents
-

What Travelers Should Know (Safety Tips)

To stay safe from scams like the **AVS Holidays case**, follow these tips:

Verify Travel Agents

Check registration, reviews, and official website presence

Avoid Sharing Sensitive Details

Never share CVV, OTP, or banking details without verification

Use Trusted Platforms

Book through airline websites or well-known agencies

Be Careful with Ads

Top search results are not always trustworthy

Cross-Check Bookings

Always verify tickets using airline PNR

Latest Updates
